

## School Board to Open Bids on Three Projects

Due to a heavy schedule and lacking some bids, several items of business scheduled for the last Lemon Grove School Board meeting were postponed until Monday evening, October 22. At that time the board, meeting at 7:30 at the Lincoln Street Education Center, will open bids on three district projects.

These include bids for the transportation, of handicapped district students to special schools outside Lemon Grove (La Mesa, San Diego, and Chula Vista), for the sale of a parcel of land now a part of the Monterey Heights school site, and for the improvement of the playground area at that same school.

The board at that time will officially canvass the returns of the special election held this week to determine acceptance of state money for a new school in Lemon Grove.

**RECREATION COMMISSION POSSIBLE SAYS ARMSTRONG**  
A provision in the Education Code of California allows for the making of a five man recreation commission, according to Frank Armstrong, local lawyer and member of the school board.

The commission can even be formed by the school board, he said. Such a commission would be legally entitled to acquire and disperse tax money for capital expenditure. Discussion of this possibility will be held Tuesday at the School Board Meeting, he said.

## Little League's Organizational Difficulties Overcome

Community spirit has carried the Lemon Grove Little League over its organizational difficulties, assuring a 1957 baseball program for Lemon Grove boys, William Allen, president of the organization, reported.

A major problem was solved when the Swimming Pool Association permitted the use of its site at Mt. Vernon and Washington Streets as a baseball diamond. Monday night the fire department burned brush and trees at the site.

The Lemon Grove Lions Club then came forward with another tremendous gift — development of the field, which is a project representing a cost of \$1200 in labor and materials.

The Grove Medical Printing Supply contributed 2,000 membership cards, which will be distributed to all members shortly. To date approximately 800 members have been signed, netting the treasury \$400 in cash, according to the treasurer, Mrs. Isabelle McCrae. Many of the boys who are selling memberships have not turned in their donations as yet, which will add considerably to the total when the membership drive ends this month, Mrs. Lois Burnworth, membership chairman, reports.

Many individual donations have been received, such as the Business Women's League who donated \$50, Cochran & Co., \$10, the Lemon Grove Woman's Club, \$10 and Mrs. Beatrice Morse, who donated \$10 in honor of her late husband.

In addition to actual cash donated, the Lemon Grove Sporting Goods Store has pledged the sponsorship of a major league team, which, the first year, will amount to \$350.

C.P. Appliances, and the Lemon Grove Veterans of Foreign Wars have offered to sponsor minor league teams, which represent \$150 each for the first year.

## Highway 80 to Get Freeway Status

The first step in converting U.S. 80 into a full freeway status got under way this week when bids were called for making a one and a half mile stretch of 80 at Alvarado Canyon and 70th Street into a six lane road and serving it from 70th street with a grade separation. A grade separation is a road which crosses over another. In the case of Highway 80 exit and entrance ramps will be provided.

Jake Dekema, district engineer for the State Division of Highways said that provisions are being made for eventually converting Alvarado Freeway into eight lanes from La Mesa to 101. All openings on 80 would eventually be sealed off and side roads and grade separations will replace them.

Bids will be opened November 8 and the work will be started immediately thereafter, Dekema said.

Other improvements on 80 include grade separations at College Avenue; Waring Road; Fairmount Avenue; Ward Road, and Texas Street. Cabrillo Freeway interchange will be improved and the present grade crossing east of the interchange will be eliminated.

## Lady Has Her Teeth Filled With Gold She Gathered While On Vacation

Mrs. Sid Neff, who enjoyed a vacation this summer with her family in the Mother Lode country above Sacramento, panned gold from casual washings in sufficient quantity to have her dentist use her own gold for filling any cavities that may be found.

The Neffs have lived at 9273 Carthy Circle for two years. They have four children, all husky, and their vacation was very much enjoyed.

## AREA DEMOS TO HAVE BARBECUE AND RALLY TUESDAY IN SANTEE

An area-wide Democratic Barbecue and Rally will be held Tuesday at the Wagon Wheel in Santee. Richard Richards, Bob Driver and George Cheney will be speakers. A callopie will supply a circus air to the event. Rally starts at 6:30.

## AREA GOPS TO HONOR UTT, SHEARER

## Poll on Use of Tax Money Being Taken by C of C

The Lemon Grove Chamber of Commerce set out this week to learn what residents of this community want to use sales tax money for, provided the 1/2 cent subvention is given to the community in which it is collected as promised.

The chamber board asks that residents let them know by phone or letter what their wishes are.

Gladys Kranch, chamber secretary said four possible uses for the tax money, which has been estimated by Supervisor Bird at \$60,000 per year, has been suggested. These are:

1. Recreation program including

a swimming pool;  
2. Improvements on Broadway including lighting;  
3. Additional fire protection, and  
4. Additional police protection.

Mrs. Kranch said that a fifth item should be considered and that should be anything the residents wished the funds used for. Results of the poll will be issued next month, or as soon as enough returns come in to make an adequate cross section.

Mrs. Kranch can be reached at HO 9-9621 between 9 a.m. and 4 p.m. The chamber address is 3467 Imperial.

## Lucky Lem is Coming Next Week

Lucky Lem, that smiling gentleman who has become associated with better bargains in Lemon Grove, will be with us again next week.

Local business firms have set Thursday, Friday and Saturday aside to mark his appearance and in his honor much fall and winter merchandise will be marked down drastically to dramatize his appearance.

In next week's newspaper will be a representative group of firms listing their Lucky Lem specials.

This newspaper will expand its coverage to take in as many homes as possible within the immediate Lemon Grove shopping area.

As in past promotions, the theme will be "Shop at Home in Lemon Grove." The idea is to impress local residents that Lemon Grove firms want their business... that shopping is more pleasant where there is personal interest... that parking is available within a few steps of all local stores.

## Court Orders Pickets Off Water Project

A restraining order issued this week by Superior Court against a plumbers' union picket line permitted work to be resumed on Helix Irrigation District project in La Mesa's Fletcher Parkway area. The work involved a major transmission line to the district. The dispute is considered jurisdictional in nature.

The work is part of the project financed by a \$5,230,000 bond issue passed by voters within the district earlier this year.

The order was granted in a suit for \$500,000 damages and for a permanent injunction against AFL-CIO locals.

The plumbers' unions, according to the suit, are attempting to take over work being done by laborers principally on a 48 inch transmission line.

A prolonged strike could produce a water shortage in the district water officials stated.

## Overwhelming 'YES' Vote For State School Loan

Acceptance of a half million dollar state loan for building a new junior high school was voted overwhelmingly 14 to 1 Tuesday.

Yes votes totaled 1881; no votes 137. 2018 voters cast ballots.

Plans were already getting underway for the construction of the

new school at the east end of Palm Street. 18 acres had been previously acquired by the school board. Actual construction should start near the first of the year according to Byron Netzeley, school superintendent.

## Deputy to Work Plan To Stop Pilfering Here

Reports of widespread "pilfering" have been given the sheriff's department it was revealed this week by Sheriff's Deputy Hal Johnson. He said that children were walking out of local stores "literally loaded" with toy and hardware items. One firm reported a loss of \$100 worth of small items in a ten day period.

Johnson is the Chamber of Commerce patrolman for Lemon Grove and he works at night. He said that he had a plan for reducing losses and that he would devote his off time afternoons to ward helping to put a stop to the pilferage.

He said that any business man who wished to take part in the semi-official program may do so by contacting him through the local sheriff's office at HO 9-6185.

## Mayor Dail Scheduled For Men's Club Speech Friday

Lemon Grove Men's Club heard Lloyd Harmon, former mayor and present councilman of Coronado tell of the advantages of a corporate city Friday. He said that Coronado has the lowest tax rate of any city in the county and that they would have a million dollars in the treasury to start the new year. Incorporation would solve many Lemon Grove problems, he said. Local control of tax dollars and local determination of community needs are some of the advantages. "Living together in a community where you have easy access to your elected officials and knowing them well enough to call them by their first name are values that cannot be measured in money," he said.

Joe Cannizzaro, next week mayor of San Diego city will discuss industrial development for the county-city areas. Andy Anderson will be program chairman.

The following week John McQuilken, county assessor, will discuss "The Dilemma of Local Government."

The Men's Club meets every Friday noon at Michael's. All men are invited.

## Final Days for Chestmobile X-Rays This Week

Residents of Lemon Grove, Spring Valley, La Mesa and Jamul will have a final opportunity to have chest X-rays taken at the Chestmobile until Saturday. These are the last days it will be stationed in Lemon Grove at 7860 Broadway at Rella's Shoe Store.

Scheduled hours on Thursday are noon to 6 p.m. Friday hours, arranged for the convenience of working people, are 1 p.m. to 7 p.m.

Dr. J. B. Askew, director of the San Diego Department of public health, said yesterday that periodic chest X-rays are an important safeguard to the health of the population of the county. He pointed out that X-rays can reveal the presence of the disease long before a person may feel ill. Early detection of tuberculosis, he added, can lead to an early cure.

One of the reasons for the decrease in tuberculosis in recent years, Dr. Askew said, has been the early discovery of tuberculosis by chest X-ray surveys.

## The Dimmer VIEW

By MAX GOODWIN

Practically every person in the Lemon Grove-Spring Valley area, whether man or woman, boy or girl, regardless of circumstances of age or circumstances, hopes and intends to make a success of life.

Stated in general terms, this ambition is common to all of us. It is only when we attempt to define the meaning of "success" that differences of opinion develop.

The individual, in his or her zeal to be successful, often accepts the popular definition of the term and thereby loses sight of the real goal. One's success is not measured by the wealth accumulated, the worldly honors received or the fickle acclamation of so-called public opinion.

So, today when there are so many ideas about success, we suggest that our reader analyze his or her own conception of success. It should be obvious, we think, that one can only be successful when life is in harmony with our inner convictions. Yet, if our principles are wrong, life will be imperfect.

To those who read this article, and particularly the young people, we suggest that they take the time and use the effort to outline definite principles which are considered acceptable guides. As a start, one might try to discover a definite principle upon which to base one's daily activity and to which one is willing to be loyal under all circumstances. This might sound easy, but test it for yourself. SHOOT-EM-UP

Two items, while we are on the subject of youngsters, remind me to pass on this perennial warning about guns. One item, the story of two suburban youngsters blowing out their daddy's brains while he slept and the other is the comic 'strip "Dick Tracy" where the voiceless little moppet blasted a hole through the forehead of an adult male. The reason for this latter caper (and I'm sure there is a good reason) has not been revealed.

The warning, naturally, is for parents to keep guns, pistols and shotguns out of the reach of youngsters. Equally important, if guns must be kept at home, parents should instruct their children about the dangers of playing with such weapons.

Because it is true that "boys will be boys," parents can often avoid tragedy by teaching their children the danger of commonplace things. Ever so often we hear of children trying to start fires with gasoline, with resulting explosions and tragedy. These children, you see, were not taught the danger of such action.

Another piece of property was purchased by the county for a clear approach to Gillespie Field, at Tuesday's meeting of the board of supervisors when the purchase from the estate of Frank Pecora and Annie Pecora for \$13,500 of real property was consummated, described as a portion of Lot 9 in Blk. 2 of H. B. Lockwood's Subdivision, according to map thereof No. 328, for a clear approach to Gillespie Field.

Sale at public auction of various houses on different pieces of property in the neighborhood have been advertised.

Howell and Robbins voted unanimously for the appointment of De Graff Austin for chairman, and DeGraff will sit at the head of the table for the balance of the year. "He's had his eye on that chair for some time, now let him have it and the grief," as one member of the board remarked. Supervisor Frank Gibson went on a trip to a convention somewhere, and was not concerned in the recent fracas.

## Seat Rotated

Austin, fourth district supervisor, succeeds Dave Bird in the chairmanship, which position is rotated annually, carries no extra salary. The fourth district has not been "rotated" for over a quarter of a century. Dan Rossi was passed up each year. ## Who is Chiquita? Ask Business Women

Chiquita is coming to Lemon Grove! She will appear November 1 on the plaza as big as life, and in miniature all over town. Chiquita as you might guess from her name is Spanish with black hair and dancing eyes, a beauty to be sure. The younger set would probably call her a "real doll."

She appeared here briefly at Lemon Grove Toyland but beat a hasty retreat for a change of dress. Her new gown is now being designed for her and is of what might be described as very desirable material, something we would all like to have... currency.

She is coming to help Lemon Grove and she hopes Lemon Grove will help her.

## Local Man Gets Highest TelCo Award

(Standing left to right) Mrs. George Lenox, Mrs. Howard Lenox, George Lenox, (seated) Howard Lenox.

Howard A. Lenox, 3550 Corona Avenue, was awarded the Pacific Telephone Company's highest award last week for saving the life of a Lomita Heights 4 year old youngster in January.

The award given for public service is called the Vail Award, was named in honor of the pioneer president of the firm and Lenox became the first San Diego County telephone company employee

to receive it. A check for \$250 accompanies the award.

Lenox was installing a telephone for Mrs. Ralph Leaverton in Lomita Village when he heard her screams. He discovered young Sharon Leaverton unconscious and not breathing after she had fallen in the bathtub. He administered artificial respiration and restored breathing in the child. He called the fire department who responded with a resuscitator and a

doctor. All agreed that Lenox's prompt action saved the child's life.

More than 100 friends and co-workers attended the ceremony. Honored guests included Lenox's wife and his parents, Mr. and Mrs. George Lenox.

Lenox was at one time employed as photographer for the Lemon Grove REVIEW.

## New Teacher At Vista La Mesa Introduced

This is the second in a series of articles introducing new Lemon Grove teachers to REVIEW readers. Just a few short years ago, all the teachers of the district were housed in one school at the site of the present Junior high. Now a teaching faculty of one hundred trained people instruct the youth of this community in five schools incorporating kindergarten through the eighth grade. This week the new teachers at Vista La Mesa are featured.

Four teachers are new to the staff and to the district at the Vista La Mesa School. The school, which has a total faculty of nineteen, is under the supervision of Clarence Allen, who has been principal there for the past four years.

Mrs. Mary Louise Dawson who teaches the third grade comes to Lemon Grove with an admirable background in education. She graduated from Northeastern State College in Oklahoma with a B.A. degree and obtained her Master's degree at the University of Wyoming. Active in Brownie and Scout work, she boasts membership in NEA, OEA, Department of Classroom Teachers, and Kappa Kappa Iota. Her husband is a teacher here in the San Miguel School.

Mrs. Charlotte Minnis, fourth grade teacher, is no stranger to Lemon Grove Schools. She graduated from the eighth grade here, attended high school in the Grossmont district, and graduated last spring from San Diego College with a B.A. degree. Last year she completed her student teaching with a fine record in the Lemon Grove District. Mrs. Minnis belongs to Kappa Delta Pi and holds a Kappa Beta Nu Scholarship. Her father, George Dickinson, has been employed for some years in the maintenance department of the school district. She and Miss Alice Milne, a teacher at San Miguel, are the first two Lemon Grove elementary school graduates to return to the system as instructors.

Baxter Gardner, who has one of the fifth grades at Vista La Mesa, is also a graduate of San Diego State College. He holds a B.A. degree in education from that college. A new teacher, he served in the US Air Force previous to entering the profession. Last year he, too, completed his student teaching assignments in Lemon Grove.

Louis Robinson, teacher of a fifth and sixth grade combination class, comes to Lemon Grove from San Diego State College with a B.A. degree. A former member of the U.S. Navy, he holds membership at present in NEA, CTA, and the San Diego County Teachers Association, as well as University Band and Alpha Gamma Nu.

Other members of the faculty at this school who have taught previously in Lemon Grove include Miss Dorothy Pavlovic and Mrs. Ellen Berdel, kindergarten; Mrs. Grace Burks, Mrs. Lucille Hunt, and Mrs. Linda McCrackin, first grade; Mrs. Emily Cornelius, and Mrs. Elizabeth Higgins, second grade; and Mrs. Jessie Snell, second and third grade combination.

Also Mrs. Emma Tait, third grade; Mrs. Martha Whaley, third and fourth; and Mrs. Barbara Hughes, fourth grade. Keith Rich and teaches a fifth grade.

## TEXACO STATION OPERATOR IS PART-TIME BABY SITTER

Dick Quiggle, Lemon Grove resident of long standing and operator and owner of Texaco Civic Center Service Station, is the proud father of five children, mostly girls. The youngest daughter, Debra, a native Lemon Grover of 8 years, is the baby, the eldest daughter claiming 22 years of residence.

One night last week Mrs. Quiggle had an engagement, lodge meeting or some such, and the older girls all had dates, so care of Debra fell on Dick's shoulders. Asked what she wanted to do for entertainment, Debra said "I want to play house, and you be my sister, 17." Dick said okay, donned a dress and obeyed Debra's requests. Said he never had so much fun in his whole life, and Debra had a good time, too, running the house for an evening.

Dick's home is right smack on the freeway, and just missed being "confiscated" by the highway commiss. Wishes they had acquired his property, as the freeway is too close for comfort. Bedrooms are all upstairs and the noise and gas fumes are strongly prevalent. However, since he sells gas and oil to the elite, he can't kick too hard.

Quiggle leaves the discipline of the children to his Missus. Says he has never laid a hand in anger on one of his children, and they are all good kids.

For several years last past Quiggle has been a delegate to the conventions of Nobles of the Mystic Shrine, Al Malaikah Temple, has devoted much time to promoting that order's Hospital for Crippled Children. Dick is a good scout, and a friend of every citizen and county employee who drives a car. He has been a helpful friend of this reporter for 20 years, has helped us out of numerous car difficulties, and we are strong for Dick Quiggle. You know what? He signed a repair slip "Dick Quiggle" one time when it should have been "Dick Henderson."—D. H.

## BIRDS ARE OUR FRIENDS

Most men look forward to breakfast when they get up in the morning and "Stinker," a large green parakeet is no exception. He really gets mad if he does not get his toast, butter and coffee at breakfast time. Of course he needs to finish off his meal with gravel that helps him digest his food. He decided the gravel tasted much better if Mama held the dish, and would not eat it otherwise. Now every morning Mama patiently holds his dish while he gets his fill. Spoiled? Well...

How did he come by his name? Daisy wanted something different and he really had a mind of his own.

When Daisy writes to her sister he feels like he should put in his two cents worth. So he jabbars constantly as he follows Daisy's pen back and forth, nipping at the paper. He is interested in everything Daisy is doing.

The other morning she was ironing. He said, "What cha doin' day?" He can't seem to get the Z sound so he shortens her name to a nickname.

He knows cute words get attention, so most anytime he is apt to say "Hi, Da-de."

He is real strong, and when we hear his dinner is meat and potatoes, we wonder what will happen next.

Daisy tries to keep him away from the table but he knows how to wheedle.

He greets Frank, Daisy's husband, "Hi, Frank," and loves to sample his cold drink when he comes home from work.

When Daisy's girl friend Lois comes over, he always says "Kiss Lois." He remembers she took good care of him while Daisy was on a vacation.

He lets Daisy know when he wants to come out. He calls to her, "Don't you want to come out?" And there are times when he knows he is a bad actor. In his own words, "Some on, you're a stinker. Don't you want to come out?"

He answers the phone when it rings. He is there nearly before Daisy, and kibitzes on her shoulder all the while.

He rides on her shoulder while she does her housework, and once in a while wanders off by himself. When he hears her call him he starts yakkin' and comes a-flying.

When Daisy crochets he is as mischievous as a little kitten. He gets all tangled up in pink thread. Then Daisy has to shoo him away. Maybe he likes the color, and who knows, he wants to learn to crochet.

Last summer Daisy's sister

## 'Drama in Miniature' Is Woman's Club Program

Ladies of the Lemon Grove Woman's Club spent a delightful two hours when Roland Hawthorn and Mrs. Mel Gibson presented "Drama in Miniature."

Mr. Hawthorn has done professional work in England and Canada. Mrs. Gibson is well known in local little theatre.

Hawthorn pointed out that theater need not depend on elaborate settings and accurate costumes; he quoted William Shakespeare as saying "The Play's the Thing." Shakespeare's plays were done on the bare stage with few properties.

Hawthorn appealed to the ladies to use their imagination and, judging by the applause they certainly had.

Mrs. Gibson did a selection from "The Rainmaker" which had a big success on Broadway, and a monologue by Dorothy Parker "Just a Little One."

Mr. Hawthorn's short playlet written by himself, "The One That is Left" was equally well received.

Other club activities included helping to man the Chestmobile—a mobile X-ray unit—on October 17.

On a four hourly rotation were Mrs. Hal Crow, Mrs. Thomas Duffner Sr., Mrs. Roland Hawthorn, Mrs. Marie Howell, Mrs. S. M. Hagen (Vogue Section), Mrs. W. P. Shimp, Mrs. George Kraft, Mrs. Randolph Morse, Mrs. Fred Scheneman and Mrs. L. F. Vlack.

Mrs. Thomas Duffner Sr., ways and means chairman for the Lemon Grove Woman's Club, and her co-chairman, Mrs. Roe Rogers, are enthusiastically preparing for an extra-ordinary card party and luncheon to be held in the clubhouse, 2810 Main St., Friday, October 19. Prizes will be awarded.

paid a surprise visit. She kept hearing this wolf whistle over and over and thought someone outdoors was trying to play a trick on her.

Stinker was on the back porch and he was the guilty one. He wasn't the center of attention, so he had to do something! When they let him out he really outdid himself, and naughty Stinker, he took a good nip at their guest's finger. Naturally Daisy's sister did not want anything to do with him after that.

Then Stinker wanted to be friends again. He could not understand it. He watched for a chance to say a friendly word. Came the day when Daisy's sister was ironing. It was very hot, and then came Stinker's chance. He said, "Want some beer?" So they ended up as pals after all.

## Two Propositions Will Aid Education On November 6 Ballot

Two propositions on the November 6 ballot have an important bearing on the future of all education in California. Proposition No. 2 and Proposition No. 3 can provide funds to continue a housing program for students from kindergarten through graduate work at a state college or university.

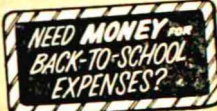

If voters endorse Proposition No. 2, they will make available \$100,000,000 for the construction of classrooms in needy school districts. It was under such bond issues in the past that Lemon Grove secured money for the construction of many of the classrooms now used here today. It has been estimated that California needs 50,000 additional classrooms for the ever-growing school population. Local funds cannot meet the demands in most areas.

Proposition No. 3, a \$200,000,000 bond issue for the construction of buildings at various state institutions, can provide funds for classrooms at the college level. A portion of the money would be earmarked for local state institutions of higher learning. San Diego State College, already overcrowded, badly needs money for construction if it is to continue to offer a college program for San Diego.

A local speakers' bureau has been set up, reports Byron L. Netzel, local school superintendent, and community groups, service clubs, and other interested organizations may obtain a speaker to explain further the merits of these two education propositions by calling him at the Education Center, HO 9-4134.

## State Wants Architects and Engineers

The California Division of Architecture is offering career jobs for structural engineers, the state personnel board announced. Men who have either a degree in civil engineering or two years of structural engineering office work may qualify.

Competitive civil service examinations for these positions, officially known as Junior Engineer (Structural) are slated.

Junior engineers start at \$436 a month, with three annual raises to a maximum of \$481. Promotional opportunities for higher level classifications with correspondingly higher salaries are excellent at present in view of

of the \$500 million expansion program of the Division of Architecture.

Examinations scheduled for positions in related fields are: Senior Delineator, with a salary range of \$458-\$556; Junior Mining Geologist, \$436-\$481 and Highway Equipment Operator Laborer, \$341-\$415; Music Therapist, \$358-\$436 and Assistant Superintendent, Correctional School for Girls, \$676-\$821.

Application forms are available at the department of employment on Columbia Street.

## Scholarships to Be Awarded for American Homemaker of Tomorrow

Scholarships in the third annual Betty Crocker Search for the American Homemaker of Tomorrow have been increased to \$106,000 with three new awards, it was revealed recently by General Mills.

The 1957 All-American Homemaker of Tomorrow, who will be announced at a banquet at the Waldorf-Astoria Hotel in New York City May 2, will again receive a \$5,000 scholarship to the college of her choice. She will be selected from among 48 state winners and the representative from the District of Columbia.

This year for the first time, girls who rank second, third and fourth in the national finals, which will climax an educational tour of state winners to Washington, D. C., Colonial Williamsburg, Va., and New York City, will receive \$4,000, \$3,000 and \$2,000 scholarships respectively. All other state winners will be awarded \$1,500 scholarships and all state runners-up will receive \$500 scholarships.

The program is open to graduating senior girls in all high schools that are enrolled by Oct. 31. Each girl entered will take a written homemaking examination on Dec. 4. The test, prepared by Science Research Associates of Chicago and administered by the schools, will be the basis for awards until the national selections when personal observation and personal interviews will be included.

## New Timing Gadget For Pill-Takers

Pill takers may now be assured of having taken their pills after the hour prescribed. Some smart druggist has come out with an RX Timer, which is a small plastic bottle. The time part is the cover that fits over the top, in place of a cork. Just under the top edge of the bottle is a yellow strip with numbers 1 to 12 printed in black. The cover has a square piece cut out of the bottom edge, which shows the hour the next pill is due to be taken, so if your next dose is scheduled for 7 o'clock, the cover is set to show 7 and you are assured that you took your pill at 6. Of course, you set the "alarm" at the next hour when you take your medicine.

My sweet little wife has to take three pills a day occasionally, when arthritis hits. Her doctor prescribed Pabalate, one after each meal, so she lays out three pills on top of the bottle, takes one after breakfast, and if there are two left at night, she knows that she missed the noon dose. Otherwise she can't remember an hour after, whether she took the first one. So when I showed her this new gadget that came with my last prescription, she grinned, said "get me a timer," so she took mine.—D. H.

## State Has Openings For Top Administrative Supervisory Social Jobs

SACRAMENTO (Special) — Candidates are being sought for Assistant County Welfare Director and Social Work Supervisor II openings in merit system counties throughout the state. A written examination will be held on December 1. Applications for these top level positions must be filed by November 10.

Tulare County presently has an Assistant County Welfare Director vacancy. The eligible list resulting from the examination will be used to fill this vacancy and any other Assistant County Welfare Director vacancies as they occur in other counties. Starting salaries vary from \$450 in the lowest paying county to \$518 in the highest.

Social Work Supervisors II are employed in many of the merit system counties in the state. Persons in this category supervise the activities of staffs of social workers engaged in the determination of eligibility for welfare assistance and in the providing of case work service to recipients. Beginning Social Work Supervisor II rates range from \$373 to \$480.

## Want to Earn Some Extra Money?

The following is a release from the Naval Reserve Training Center:

"Here is your chance to pick up some extra money for that hunting trip, fishing trip, or maybe a new set of tires for the car. It is possible for you to have this money by putting a few hours a night, one night a week or one weekend a month, meeting with some of your buddies in the Naval Reserve. You get one day's pay for an evening meeting or four days' pay for a weekend, and earn points toward retirement while advancing in rate.

If you are a Navy or Coast Guard veteran, you may be eligible. For more information call Academy 2-6411, Ext. 387 or drop a line to U. S. Naval Reserve Training Center, Lowell and Harbor Drive, San Diego. Or better yet, drop in. We would like to meet you."

## Newspaper Ads Pull Too Good Says Restaurateur

A local restaurateur blames the advertising efficacy of this newspaper for his plight!

Chuck Coffey, proprietor of the Dinner Bell Cafe, said that he advertised a steak dinner last week and placed his biggest steak order with the packer he deals with.

He says he underestimated the response. He had too little help and the service left something to be desired. He ran out of steaks on Sunday, a full day too soon.

Both of these bottlenecks have been taken care of, Coffey says, and to those who may have been slighted, he invites a return engagement.

## Adults May Attend Foods and Nutrition Class

The Grossmont Adult School is conducting a foods and nutrition class at the Spring Valley Junior High School on Wednesday evenings in Room 13. Interested people should report directly to the class.

The course of instruction will include techniques of serving attractive meals, knowledge of entertaining company, preparing attractive and nourishing foods, decorating of foods and hosting family and children's parties. The nutrition part of the class is concerned with the preparation of foods for a balanced diet.

Mrs. Catherine Shannon, the instructor, has long been a popular teacher in the field and many know her in the San Diego and Homeland area.

For further information please call Grossmont Adult School, Hopkins 6-4155, extension 21.

## Youth Leadership Classes Set Up For Adults

All adults interested in assisting in Lemon Grove's youth program, sponsored by churches, Scouts, "Y," public recreation, are invited to attend a group leadership training course each Tuesday at 7:30 p.m. at Helix High School.

A recent survey at Helix High School revealed that more than 500 students desired to participate in a club activity. A national survey reported that close to 50% of boys participate in some group activities, and the 1956 Community Welfare Council survey, "The Job at Hand," reported that less than 10% of San Diego's youth were active in community sponsored youth groups.

Specialists in group leadership, games, crafts, dramatics, will be present to train those interested in helping with this important youth program.

## Wilson Twirlers Near Top in Two Events

Carol Wilson's baton twirlers won third place earlier this month in baton competition in Fullerton. There are 12 girls in Miss Wilson's aggregation.

## Scholarships to Be Awarded for American Homemaker of Tomorrow

Scholarships in the third annual Betty Crocker Search for the American Homemaker of Tomorrow have been increased to \$106,000 with three new awards, it was revealed recently by General Mills.

The 1957 All-American Homemaker of Tomorrow, who will be announced at a banquet at the Waldorf-Astoria Hotel in New York City May 2, will again receive a \$5,000 scholarship to the college of her choice. She will be selected from among 48 state winners and the representative from the District of Columbia.

This year for the first time, girls who rank second, third and fourth in the national finals, which will climax an educational tour of state winners to Washington, D. ## BILL CARMAN IN GERMANY

Private William L. (Bill) Carman, 19 year old son of Mr. and Mrs. Conrad L. Carman, 3445 Fairway Drive, Brookside, recently arrived in Germany, according to word received from the Army Home Town News Center. He is a member of the Bremerhaven Port of Embarkation.

Carman is a photographer in the port's headquarters company. He entered the Army in February of this year and received his basic training at Fort Ord. He is a graduate of Helix High School, class of 1955. He has a sister, Susan, who is a senior at Helix, and in the journalism class.

Private Carman's parents said he has had training in movie photography and sound, which he took at Fort Monmouth, New Jersey. He indicates that he may pursue a photographic career when he gets out of the service.

## Member of Parliament To Address Church Institute

George Thomas, member of Parliament since 1945, and outstanding as a leader in teacher and church movements of Great Britain will speak at 4 p.m. and at 8 p.m. Tuesday, Oct. 28 at the First Presbyterian Church of San Diego, 320 Date Street.

Thomas is the first speaker in the 1956-57 San Diego Institute series, which is jointly sponsored by the Pacific Southwest Regional Office of the American Friends Service Committee (Quakers) and the San Diego Institute Committee.

## Proposition 2 Support Widespread

"Never before have so many statewide groups of otherwise divergent opinion joined up as a team to keep alive California's traditional determination to give every child an equal educational opportunity."

This was the statement made public today by Arthur F. Corey, executive secretary of California Teachers Association, in announcing widespread support for Proposition 2 on the November ballot, which proposes a \$100 million statewide bond issue to help finance badly needed classrooms throughout the state.

"Endorsements after thorough study of the proposal by large statewide groups," said Corey, "keep fresh the devotion of teachers, many of whom are working today in classrooms peopled by from 50 to 60 boys and girls, and others who are trying to give pupils a full day's program on a half day schedule. It is buoyant to the dedicated spirit of good teachers to have an expression of such interest as has been evidenced in California this year by the public in support of Proposition 2."

Corey announced that endorsement of the proposal had been voted by almost all state groups of importance.

## Tartan Staff

### Executives Appointed

Shirley Nicks, Helix High School senior, was appointed editor-in-chief of the Helix annual staff for this year.

Julie Coates, also a senior, was appointed by Shirley to act as business manager for the annual.

Both girls live in La Mesa. The Helix annual is called the Tartan.

Other annual staff appointments will be made at a later date, according to Charles D. Higby, the staff's advisor.

## Spinazzola Scores 12 In Helix Victory

Led by Danny Spinazzola (Spring Valley), the Helix Highlander pigskin squad finally found themselves in scoring an impressive win over the Red Devils of Sweetwater, 28-15, last Friday night in Aztec Bowl.

Spinazzola tallied 12 points with two line smashes of four and one yard plunges. Helix's powerful fullback is currently tied with El Cajon's Joe Kluczewich in the individual Metro League scoring race. Both have 18. Out of the top seven scoring leaders Helix placed first (tie), third with end Pat Brown (12), and seventh with quarterback-halfback Gary Dunn, 10.

Sweetwater practically dominated the first half in play but coach Tom Welbaum's sophisticated and wise half-time tongue lashing straightened out the minor playing flaws and the team roared back in the third and fourth stanzas to "play ball." Also scoring for Helix was quarterback Bob Schultz (one yard plunge) and Pat Brown (20 yard pass from Schultz). Outstanding line play was displayed by center Jim Osborne and tackle Roy Bottini. Backfield ineptness was noted by Dunn (glad to see him running as halfback), Ron Palermo, Spinazzola and Ron Kelly. Kelly was taken out in the third period by an ambulance. Severe case of shock.

Friday night's play was better than against Chula Vista and El Cajon where the grace of the great unknown helped the Highlanders to their respective victories. Helix now has a 3-0 record to remain undefeated. Friday night they play Palo Verde (Blythe) there in a non-loop engagement. Helix is favored.

On the college front three-out-of-four of San Diego's football schools scored victories in weekend tilts. San Diego State College edged powerful Cal Poly (San Luis Obispo), 7-6 in an upset; San Diego Junior College upset L. A. Harbor JC, 26-13; University of San Diego scored their first points and first win by smashing Edwards Air Force Base, 47-0; but Cal Western (Point Loma) lost their one and only seasonal game to Pasadena Baptists, 28-8.—B. T.

## VFW Scout Troop Members Advanced

Scout Troop 322, sponsored by the Lemon Grove Post of the Veterans of Foreign Wars, held a court of awards on September 26 and advanced the following tenderfoot scouts to second class: Michel Alexander, Richard Baker, Theodore Clarke, James Gibbs, Larry Hill, Robert Hill, John Hoffman, James Severy, Mickey Wheeler, William Williamson, James Smith, and Paul Van Riper.

One merit badge was earned by Paul Van Riper for Home Repairs.

The Institutional Scout committee chairman, H. D. Geller, presented the awards. A miniature second class pin was given to the advancing scouts' den mother.

Refreshments were served by the VFW Ladies Auxiliary.

Scoutmaster is H. C. Stubbs and Assistant Scoutmaster is Lloyd Van Riper.

## Toy Cart Given By Grove Kiwanis Goes Into Service at Grossmont Hospital

Little three-year-old Doris Jean McManus of La Mesa was the first child to receive a toy delivered to her room on the toy cart recently presented to the Grossmont Hospital by the Lemon Grove Kiwanis Club. Assisting her in her selection are Mrs. A. E. Brudno, left, a hospital aide, and Mrs. Elliott Johnson, chairman of the auxiliary's library service.

A toy delivery cart, the gift of the Lemon Grove Kiwanis Club, has been placed in regular daily service in the pediatric ward of Grossmont Hospital.

The cart, completely furnished with dolls, toys and games, cost approximately \$400 and will be taken through the children's wards by members of the hospital auxiliary. At the end of each day the toys will be picked up for re-distribution the next morning.

The Kiwanians have pledged to replace worn out toys and help to maintain the service.

Mrs. Jens H. Hutchens, auxiliary president, said that the toy delivery service will be started soon. The auxiliary currently provides a library service to all hospital patients, distributing timely books daily on a similar cart.

Presentation of the toy cart was made to Louis M. Peelyon, hospital administrator, by Dr. Robert E. Swenson, L. G. Kiwanis Club president.

## San Diego County's Growth Summarized by S. D. C of C

September issue of San Diego Business, published by chamber of commerce, gives an interesting report of building construction in the county for the second period of 1956. The following extracts from the report may be of interest.

Construction permits valued at \$53,293,058 were issued by the City of San Diego in the first seven months of 1956, the comparable figure for the same period in 1955 is \$50,614,061. These totals include new residential additions, alterations and repairs on existing structures and non-residential and miscellaneous building. New residential building accounted for \$38,370,424 of the January-July 1956 total.

City planning commission reports that plans for 33 new subdivisions, with a total of 1007 lots, were filed in second quarter 1956. In first quarter 1956, plans were filed for 29 new subdivisions, with a total of 1384 lots. In second quarter 1955, plans were filed for 35 new subdivisions with a total of 2,760 lots.

County construction, outside of city:

### V. A. Affairs

San Diego County accounted for 1,626 Veterans Administration home appraisal applications in second quarter 1956, an increase of 702 over first quarter 1956. Home appraisal applications numbered 1,180 in second quarter 1955. Of the 1,626 applications received in second quarter 1956, 1,518 were for tract units.

A total government responsibility of \$10,224,921 was involved in the 1,397 veteran home loans guaranteed in San Diego County in second quarter 1956. The total amount of loans on these homes was \$19,105,747. The comparable figures for first quarter 1956 are \$6,189,964 and \$11,346,521.

The overwhelming majority (93 per cent) of veteran home loans guaranteed during second quarter 1956 related to dwellings selling for \$12,000 or more; in second quarter 1955 approximately 80 per cent of the loans were in this bracket. Of the 1,397 loans guaranteed in second quarter 1956, 1,135 or 81 per cent called for monthly installments of \$60-\$79; 155 or 11 per cent involved monthly payments of \$80 or more. The rise in the size of monthly installments is, of course, due mainly to higher home prices.

Applications for 1,502 units under Section 203 were received by the Federal Housing Administration during second quarter 1956, a decline of 27 units in comparison with the same 1955 period. Of the second quarter 1956 total, 457 units involved new construction. Second quarter 1956 applications under Section 222 numbered 274, of which 33 were for new units.

### Construction

It is estimated that construction costs increased 3-4 per cent during the May-August 1956 period, due to advances in labor costs and the prices of materials.

Minimum union wage rates were increased in second quarter 1956. The new scale for the building trades is as follows: bricklayers, \$3.75-hr.; carpenter, \$3.00-hr.; electricians, \$3.25-hr.; painters, \$2.94-hr.; plasterers, \$3.625-hr.; plumbers, \$3.525-hr.; building laborers, \$2.30-hr. Contracts also call for employer contributions to health and welfare funds.

Although the price of lumber has remained fairly stable, the cost of steel and other metals has gone up.

Mechanics liens recorded in San Diego County in second quarter 1956 totaled 267, a gain of 26 per cent over second quarter 1955. The 300 mechanics liens filed in first quarter 1956 accounted for the largest number of liens reported in any quarter since the October-December 1953 period.

### Real Estate Transfers

San Diego City real estate transfers in the first seven months of 1956 totaled 10,341, up 16 per cent over the same period last year. Metropolitan Area transfers during the January-July 1956 period totaled 17,338, up 17 per cent over 1955; rural transfer increased 23 per cent during the same period.

Mortgages and trust deeds valued at \$224,651,066 were executed in San Diego County in the first seven months of 1956, an increase of 14 per cent over the comparable 1955 period.

### Deaths and Births

San Diego County resident live births exceeded resident deaths by 7,403 in first half 1956; the comparable "natural increase" figure for 1955 is 6,357 persons.

The department of public health reports 10,382 live births and 2,979 deaths of county residents during the first six months of 1956.

Marriage licenses recorded in San Diego County in the first seven months of 1956 totaled 2,984; the comparable figure for

He is the son of Mr. and Mrs. Donald R. While of 3602 Kenora Drive, Spring Valley. Both Judy and Richard are graduates of Grossmont High School and are now attending San Diego State College.

### Sponsors Pin Splitters, Bowling Team

Ward Lumber Company has done it again. This time the firm has sponsored the Pin Splitters, a bowling team of five members, two gals and three men, that rolls 'em twice a week at Cedar Lane Alleys, Fourth and Cedar.

The sponsor furnishes the bowling costume, and that's where Fred Ward comes in. It will be remembered that Fred Ward "sponsored" a man and his family from Holland a while ago, in cooperation with a La Mesa Church, and secured a fine employee thereby.—D. H.

1956 is 2,692.

The number of divorce actions filed in the January-July 1956 period was 114 higher than in the comparable 1955 period, the figures being 2,790 in 1956 and 2,676 in 1955.

## Heart Ills Blamed on 'Fat Foods,' Local Physicians Told

"Heart ills can be blamed on fat food, and not the exertions and tensions of modern living," Dr. Ansel Keys of Minneapolis told San Diego County and Imperial Valley physicians and nurses attending the San Diego County Heart Association's Professional Symposium on Heart Diseases.

Dr. Keys, director of the University of Minnesota's physiological hygiene department, noted that the United States has the highest incidence of heart attacks and Japan the lowest.

"Heart attacks have persistently been attributed to persons rushing around under high tension," he told the audience. "But the fact is that the Japanese are an extremely active people and yet have fewer heart cases."

"The difference is probably caused by Americans' high fat diet and the Japanese extremely low intake of such foods."

Dr. Keys, who has spent over five years of investigation on the relationship of diet to heart diseases, is currently in California establishing a clinic to study the diet and environs of 50 Japanese-Americans and 50 Caucasian men.

### ABOUT CIVIC CENTER

(Continued)

Frank Gibson, who was re-elected at a recent election, so he will have "four more years of the full dinner pail."

Hearing set for 11 a.m. on a proposed trailer park ordinance was continued, at request of interested parties, until October 16 at 11:15. One guy, who said he came clear down from Long Beach, objected, wanted the hearing now so he wouldn't have to come back. Chairman Austin politely informed him that the postponement was at the request of other interested parties, that everyone had been notified by the clerk of the change, and he probably didn't read his mail. That fixed him up, and he can anticipate a nice ride along the ocean shore next Tuesday, early.

Tax collector Wilbur W. Easton requests that he be authorized to initiate actions in small claims court to collect 184 delinquent accounts.

Request of the county park commission that the board call to the attention of state park commission the need for immediate consideration of and action by the state to take possession of all county owned and controlled beach properties, and those beach properties which will be needed in the future.

Letter from the county park commission stating that it considers the development of a county park in the unincorporated area of Rolando inadvisable at this time, due to its proximity to San Diego and La Mesa, and recommending that a copy of the letter be forwarded to these cities.

Letter from the San Diego Women's Civic Club commending the board on its action with regard to the Whaley House reconstruction and offering its services in any feasible capacity.

Petition of San Diego County and Municipal Employees Union, Local 127, requesting that county employees' pay days be changed from semi-weekly to bi-weekly.

Request of Louis A. Robbins that rent for polling places be increased to \$10.

### Pending:

Complaints regarding the operation of Heartland Fertilizer Co-operative dump. John Chamblin, manager of the co-op, spoke at some length. Said the co-op was not making expenses, that many of the members donated their services in order to keep the concern going, as it is a vital necessity to the poultry industry of the county, which brings an annual income of \$23,000,000 (eggs and chickens).

An earnest effort to secure land for a dump away from residences has been made, with a new subdivision starting up almost at once in the vicinity. The co-op has secured a lease on 42 acres near the border, and it is hoped that permission to operate will be granted. Sales of fertilizer last year were only \$36,534, where \$58,476 was expected. Too much fertilizer on hand and a light

### demand.

The lease on the present dump near Lakeside will be canceled Dec. 31, 1956.

### TOYLAND PARADE

#### DATES SET

Annual North Park Toyland Parade will be held Sunday December 2nd, it was announced this week.

It will be the 20th such event staged by the North Park Business Club.

### Woman's Club Jrs. Activities Listed

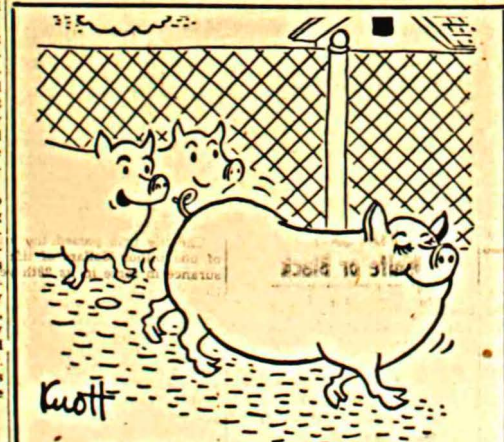

By Sarah Betts

The members of the Lemon Grove Woman's Club Juniors voted to support the efforts of the Youth Center Board of Directors in obtaining the Sales Tax money, that may be returned to this area, for a Recreation program. This will be their Build a Better Community project for the year. Mrs. James Martin, Mrs. Lee Nottingham, and Mrs. Ralph Kraft represented the Juniors at the Youth Center meeting last Tuesday night.

Friday night, October 19th at 8:00 p.m., there will be an open Budget meeting at the home of Mrs. Ralph Kraft, Loma Drive. Any club member who is interested is invited to attend and express their opinions on the Budget for the coming year.

Tuesday night, October 23rd, annual Founder's Day dinner will be held in the Clubhouse at 7:00 p.m. Members of the choral group will entertain and a member of the League of Women Voters will explain the State propositions to be voted on in the coming election.

## Local Democrats Hear

### The 'Cheney Plan'

With eGeorge Cheney, emceer ic With George Cheney, Democratic Congressional Nominee for the 30th District, as guest of honor, the Homeland Area Democratic Club, under the able direction of the public relations committee, (Luella Bowen, Claire Gregoire, Phyllis Haas, Olen Keith, Jr., Emil Caldwell and Nancy Munden), spent an enjoyable evening last Thursday, at the Golden Ave. School, Lemon Grove. Keynoted in Cheney's speech were:

Relief of the general public's tax burden through the use of Mr. Cheney's 'Holiday Drawing Plan,' comparable to the Irish Sweepstakes, Mexico's "Loteria Nacional," and other similar plans thru out the world; Serious plight of San Diego area's Civil Service employees, and the overwhelming need for more Public School Aid without additional taxation.

Question and answer period followed. Mrs. Charles McKenzie, president, closed the meeting on the happy note of the announcement of Candidate Night, to be held October 26th, 8 p.m., when Gordon Sheppard, nominee for Congress in the 28th C.D. and Sheridan Hegland, Assemblyman of 77th A.D. will be honored by an open rally in the Golden Ave. School, Lemon Grove.

### Third Store in Theo Chain To Open Here Monday

The third in the chain of Theo's Cancellation Shoe stores will open next week in Lemon Grove.

This will be at 7941 Broadway near the new post office. The store will be open for business Monday of this week but the grand opening will start officially Thursday in time to tie-in with Lucky Lemon Days according to John Thio.

Theo's will feature nationally known shoes for women at dramatically low prices.

## Mrs. Rochelle is Speaker At Baptist Meeting

The Men's Brotherhood of the First Baptist Church of Lemon Grove started their first meeting of the year in a splendid way this past Tuesday evening. A good supper was enjoyed in the church dining hall. President J. L. "Tex" Ford presided over the meeting, at which time officers were elected. The speaker of the evening was Mrs. Bob Rochelle, who has recently returned from a speaking tour in the Baptist Churches in the Northern part of the State. She told of the plans for the State for this year and of the men's work that was being promoted in the churches where she had visited.

### LYNN WARDEN HERE ON CONVALESCENCE LEAVE

Lynn Warden, who as taken ill while returning to his station in San Antonio while on a plane piloted by his commanding officer and taken to the Base Hospital, phoned his mother, Mrs. Ralph Warden, 1844 Englewood Drive, HO 6-1439, on Monday that he had been granted a convalescence six weeks' leave, and that he would come to Lemon Grove Wednesday.

Tests first given definitely ruled out Polio. Next, Brucellosis tests showed that undulant fever was not responsible. So now the doctors have given him something that may show results in his six-week "vaction."

The local agent for Prudential Insurance Co. has received dozens of inquiries as to Lynn's condition and he made a special visit to the Warden home so that he might reassure the many interested friends. The whole Warden family have policies with Prudential, and this special visit was not to collect premiums, but information.

John Hopkins Clinic specialists have been called in by the Army doctors.

### Here's what put the magic in the new kind of FORD!

It started with the "Inner Ford." When Ford planned this baby, they thought in terms of a car through-and-through new.

The wheels got smaller. This Ford is so new that even the wheels have changed. Now smaller and broader, they help you take off quickly.

The wheelbase got longer . . . so now you can choose between a Ford that's over 16 ft. long—or one over 17 ft. long!

The frame got wider. Side rails bow out to give a more stable, safer riding platform . . . a lower, sleeker silhouette.

The ride got smoother. With new suspension, new springing front and rear, the ride this new Ford gives is the smoothest ever.

The handling got easier. Poised and balanced like a panther, this car has swept-back front suspension that works its magic when you need it most.

The power got hotter. There's a wide range of Silver Anniversary V-8's to fit every horsepower need\* . . . plus a new Mileage Maker Six.

## What put the magic in the new kind of FORD?

The new Ford Fairlane 500 (118-inch wheelbase). Longer, lower, larger than many medium-priced cars, yet lower in price than most of them!

The roof got lower. And it's designed to let you make the easy entries and graceful exits you've always known.

The body got quieter. It's the strongest body built for a low-priced car. No car in Ford's field has such generous sound-proofing.

The room got bigger. There's head room to spare for a tycoon-type hat. There's real stretch-out leg room, too.

The lines got sweeter. They have the "Touch of Tomorrow." Each graceful contour says, "Let's go!"

The style got smarter. With this new look Ford you have a car that belongs anywhere! All Fairlane models look like hardtops.

The value got greater . . . the price is still Ford-low.

\*A Special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 312 Super V-8 engine delivering up to 362 hp.

Deadline for the receipt of absentee ballots is November 18, 1956.

A brief summary of the issues involved in said election is as

## Advertising Doesn't Cost — It Pays!

Because of the expiration of an authorization for a levy of \$735 in June, 1957, the proposed issue is required to provide funds for the maintenance of the current educational program of the district for the next five years. Current salary schedules paid to teachers and other employees constitute 83% of the expenditures.

Each qualified elector of said Grossmont Union High School District shall be entitled to vote only in the school district election precinct of which he is a resident.

## Can't Browbeat The Sports Writer

By BOB TURNBULL

An open letter to the Helix High School athletic department: "Gentlemen: I would appreciate it very much if you would do me the favor of pinning all of my sports articles, or columns if you prefer, on your gym bulletin board. My reason is this. In the past five years I've been writing sports statements on the 'fighting' Highlanders. I've written over 100 articles that in the majority of the time included praise and in some cases personal criticism. It seemed to me that whenever a column 'not so good' was printed it was always stomped on, pinned on the board, angrily discussed by the players in that particular athletic event and in some cases coaches made some reverse psychological statements such as 'We're not going to let Turnbull print that about us, are we? Eh?' But whenever an article was printed in our hometown weekly that praised individuals or battling units they were taken for granted. Well, I don't take them for granted.

I write things the way I see 'em. Maybe I'm blunt at times but that's just one of my idiosyncrasies. I try to be honest with both myself and the readers without letting personal differences interfere. I'm going to continue these articles, calling them as I see them. Coach Tom Welbaum and his pigskin staff have bent over backwards to be of excellent assistance this year in football with our press.

We hope that other departments follow the sensible course taken by Welbaum. We won't be browbeaten into giving 'good press' when it is not deserved.

## NOTICE TO CONTRACTORS INVITING BIDS

NOTICE IS HEREBY GIVEN THAT THE LEMON GROVE School District of San Diego County, California, acting by and through its Governing Board, hereinafter referred to as the District, will receive up to but not later than four o'clock p.m. of the 13th day of November, 1956, sealed bids for the award of a contract for construction of a Service Center at 8025 Lincoln St. Lemon Grove, California.

Such bids shall be received in the office of the Superintendent of said District at: 8025 Lincoln St., Lemon Grove, Calif., and shall be opened and publicly read aloud at the above stated time and place.

Each bid must conform and be responsive to this invitation, the Information for Bidders, the Specifications, the Plans, and all the other documents comprising the pertinent Contract Documents. Copies of the Contract Documents are now on file and may be obtained in the office of Clyde Hufbauer, Architect, of said board at 1975 Fifth Avenue, San Diego 1, California.

Each bid shall be accompanied by a certified or cashier's check payable to the District, or a satisfactory bid bond in favor of the District executed by the bidder as principal and a satisfactory surety company as surety, in an amount not less than 5% of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the bidder shall execute the contract if it is awarded to him in conformity with the Contract Documents, and shall provide the surety bond or bonds as specified therein within five (5) days after notification of the award of the contract to the bidder.

The District reserves the right to reject any or all bids or to waive any irregularities or informalities in any bids or in the bidding. Preference will be made in the award for California made supplies, pursuant to Sections 4330 to 4334, inclusive, Government Code.

The District has determined the prevailing rate of per diem wages in the locality in which this work is to be performed for each craft or type of workman needed to execute the contract, which will be awarded to the successful bidder, to be as follows:

## San Miguel Halloween Carnival Schedule Set

There will be fun and excitement Halloween night, Thursday, October 31, when the San Miguel Parent-Teacher Association sponsors its annual Halloween Carnival.

The fun begins at 5 p.m. when the cafeteria opens to serve supper. The menu consists of hot dogs, tacos, chili, cole slaw, desserts, coffee and milk.

At 6 p.m., children in costume will join the costume parade. The winners in each grade level will receive a prize. There will be many game booths, a country store where grocery items may be purchased, and a white elephant booth containing surprises.

In charge of planning the annual carnival this year are Mrs. Theron Scott, PTA ways and means chairman, and John Strawn, San Miguel fourth and fifth grade teacher.

## St. Philip's Sanctuary To Be Refurbished By Members

The men of St. Philip's are organizing working parties in order to do necessary painting and renovating on the inside of the church, and weeding and caring for the trees and shrubs on the outside. Saturday, October 27 from 9 until 1 p.m. will be the first day, and Tuesday and Thursday evenings, Oct. 30 and November 1 from 7 until 10. The men are urged to bring their paint brushes, and the women promise refreshments. All this work is in preparation for the visit of Bishop Bloy on December 2.

On Wednesday, October 24 at 12:30 p.m. the Women's Auxiliary is giving a card party under the chairmanship of Mrs. T. F. Nutter. Refreshments and prizes are promised, and a good time for all participating.

## INDIAN DANCERS HIGHLIGHT CENTENNIAL

Members of the Order of the Arrow, Left to right; Chad Lambirth, Al Chapin, Chief Black Hawk and Dennis Dear.

Several hundred people attended the Spring Valley Centennial celebration Saturday and Sunday, October 6-7, honoring the old adobe hacienda on the chamber of commerce grounds. The affair was under the chairmanship of Luke Barbour, past president of the Spring Valley Chamber of Commerce, and assisted by Mrs. Eileen Smith, Spring Valley historian.

The celebration was such a success that the chamber of commerce board members at their last Monday meeting discussed the possibility of having an annual affair on the grounds, with a barbecue and the pageant depicting the history of Spring Valley.

The pageant, written, directed and produced by Mrs. Betty Seymour Robinson, was well received in the two days it played. Bill Miles, long time Spring Valley resident, did an excellent job as narrator. His voice changes for the different characters was done as only a professional is able to execute.

Here is the cast for the pageant: Chet Smith the shepherd, Ted Phillips as Judge Ensworth, John Danner as Capt. Borge, Bill Doughman as Capt. Porter, Sharon Smith as Lucinda, Bill Anderson as Bancroft, Tony Spinazzola, Al Peters, Frances Peters, John Depugh, Valjean Eskridge and Ted Phillips as the chamber of commerce early

members, Sara May Thomas as Mrs. Rayden, Tommy Thomas as Sam Rayden.

Cub Scouts from Packs 47 and 154 were the Indians and Spaniards who fought the Spring Valley battle; under the direction of George Dear of San Diego, members of the Order of the Arrow did the Indian dance which tied in with the history: Chief Black Hawk, leader and trainer, Dennis Dear, Al Chapin, Charles Davis and Chad Lambirth. Jean Eskridge directed the girl Indian dancers.

Credit for the Saturday night entertainment goes to Jean Eskridge and the Spring Valley Woman's Club. The woman's club is also credited with preparing the refreshments for Saturday night and the big cake which was won by Jim Ray Sunday afternoon.

Several of the chamber of com-

merce women did a bang up job in the kitchen and with the serving of the barbecue: Dorothy Doughman, Mary Clark, Melba Danner, Wilma Walker, Betty Barbour, Mrs. Bill Anderson was cashier, and several girls in the valley cleared the tables. The delicious barbecue was prepared and cooked by John Danner, assisted by Mr. and Mrs. Lawrence Baker.

Mrs. Mildred Moran, Ruth Stewart and Sara Thomas had charge of the guest book, which was prepared by Jim Wilson. And of course we can't forget the beautiful paintings done by Betty Seymour, Venus Smith and Doris Akers.

## LOCAL REPUBLICANS MARK IKE'S BIRTHDAY

A group of more than 50 attended the dinner party honoring President Eisenhower's birthday sponsored by the Lemon Grove Republican Club. The speeches of the principal speakers William Shearer and Admiral Leslie E. Gehres were frequently applauded by the enthusiastic crowd.

Bill Shearer, Republican candidate for the 77th Assembly District, reported that he had called at over 8000 homes in the district since June. He is conducting a door to door campaign to talk personally to as many people as possible about the local issues. He stressed the importance of sound action with regard to our water problems which is included in his Four Point Program.

Admiral Gehres spoke of President Eisenhower's great patriotism in entering partisan politics as a Republican after receiving all of the highest honors which this country and the other free countries of the world could bestow.

The almost incredible accomplishments of the Eisenhower administration were then outlined. He pointed specifically to the ending of the Korean War—the ending of wage controls, price controls and rent controls without inflation—and full employment with peace.

Roy E. Erwin, president of the Lemon Grove Republican Club, announced the opening of the Republican Headquarters in Lemon Grove at 7777 Broadway. He said that additional volunteers would be needed. Anyone who can help is asked to call Mrs. Harvey at HO 6-3507 or Mrs. Erwin at HO 6-5323.

## Lemon Grove Toastmasters Give Demonstration to Fallbrook Lions Club

The Lemon Grove Toastmasters Club motored up to Fallbrook last week to present a condensed version of a Toastmasters meeting for the Fallbrook Lions Club.

Lions Club Bob Miller presided and Jim Cross, program chairman, introduced Charlie Breuninger, L. G. past president, who explained the purpose of Toastmasters. Harold Secor was toastmaster for the evening. Orvin Berg was topicmaster. Garnet Pankey, Toastmaster president, and Bob McPherson were the speakers. Bob Snow was general evaluator, Breuninger and Charlie Sor were individual critics.

## Artificial Lights Recommended for Laying Flocks

Supplementing the natural daylight period with additional hours of artificial light is now recommended for the laying flock, according to Robert H. Adolph, farm advisor.

Supplying additional light is most important to laying birds over one year of age, Adolph further states. The decreasing natural daylight hours tend to depress the rate of production in older laying birds. The use of lights has been proven to help overcome this effect.

Young laying birds are not as susceptible to the depressing effects of shorter daylight due to improved breeding of laying stock used by poultry egg producers. Adolph cautions, however, that during the third to fifth month of age of growing birds, the use of lights may be

Lemon Grove (Calif.) REVIEW  
October 18, 1956 Page 9

detrimental to subsequent rate of egg production. For this reason Adolph maintains that growing pullets should not have additional light until they are at least five months of age.

Research work on the use of lights has demonstrated that the maximum effect on the use of artificial lights is reached when 14 hours of total artificial and natural daylight is used. Poultrymen using in excess of this amount are simply increasing their costs of egg production.

A circular entitled "Efficient Use of Artificial Light" may be obtained from the Farm Advisor's Office, Bldg. 1, 4005 Rosecrans, San Diego 10, CYPRESS 8-4181, Ext. 271. Suggested lighting schedules are included in this report.

### Third Annual Appreciation Night Banquet Set

Harry Monahan, Jr., president of the Notre Dame Alumni Club of San Diego County, has been named chairman of the third annual Appreciation Night Banquet which will be held January 31 in the ballroom of the El Cortez Hotel.

Announcement of the appointment and banquet date was made today by the Very Rev. John R. Aherne, O.S.A., principal of St. Augustine High School, which co-sponsors the civic testimonial for the city and county high school administrators and coaches along with the University of Notre Dame alumni group.

Fergus Carmody, president of the St. Augustine Alumni Association, is vice chairman and most of the committee appointments will be drawn from the two alumni groups, Father Aherne said.

"Negotiations are almost complete for an outstanding national sports celebrity to be our principal speaker," Monahan said. Terry Brennan, University of Notre Dame football coach, and Bud Wilkinson, Oklahoma University football coach, were the principle speakers at the two previous Appreciation Nights.

More than 200 administrators and coaches will be honored guests at this event originated by St. Augustine High School to express its appreciation for the co-operation it has received from high school officials in the county.

### DOCTRINE OF ATONEMENT CHRISTIAN SCIENCE SERMON

The "Doctrine of Atonement," or reconciliation between man and God, will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday. The Golden Text commences the sermon with Paul's words, "All things are of God, who hath reconciled us to himself by Jesus Christ, and hath given to us the ministry of reconciliation" (II Cor. 5:18).

A portion of the sermon is taken from Paul's words to Titus, "For the grace of God that bringeth salvation hath appeared to all men, Teaching us that, denying ungodliness and worldly lusts, we should live soberly, righteously, and godly, in this present world" (2:11-12).

### Terry Totten in Cinderella Race

Terry Totten, 10724 Challenge Blvd., sixteen year old candidate for Cinderella Princess of Mother Goose Parade is daughter of Mr. and Mrs. Stanley Totten. Totten operates Stan's Market on Campo Road.

Terry is a senior at Grossmont and is being sponsored by E.C. Lions Club. The same club sponsors all senior class candidates.

There are 24 girls in the competition and each acquires one vote for each penny they may raise by an activity of their own choice.

### County Truckers Honor Press at Local Meeting

San Diego County Unit of the California Trucking Association paid tribute last week to the press of the nation at a meeting at Michael's. One of the guests of honor was Dick Henderson, representing this newspaper. The unit also revealed some plans they had for campaigning for

more and better roads.

Bert Trask, the legislative manager of the association's bureau of information, reported that approximately 500 bills concerning the trucking industry will be introduced in the next legislative session.

He said that 23,480 people are employed in the industry in the county and that annual wages are more than 90 million dollars. State trucking payroll is \$2,367,581,000.

### Grossmont Band and Orchestra Parents to Raise Funds

The Grossmont Band and Orchestra Parents Club of the Grossmont Union High School is initiating a plan this year which will combine all their fund raising campaigns into one unit. The campaign will be to raise funds to purchase uniforms or parts of uniforms which need replacing, such as plumes, belt buckles, etc.

The fund raising method this year will be the sale of fruit cakes, which may be purchased by contacting the following ladies: Mrs. Elvira Dibb, HI 4-6626; Mrs. Alice Grant, HO 6-1684; Mrs. Helen Hilliard, HO 6-7142; Mrs. Elizabeth Wahler, HO 9-5671.

There are to be two types of cakes on sale, the Watkins fruit cake, baked in Lakeside (decorated), which prices are: a 1 1/2 lb. cake, \$2.65; a 2 1/2 lb. cake, \$4.50; a 5 lb. cake, \$8.60.

The other one, which was sold last year, the Manor Texas cake, is baked in Dallas, Texas. Its prices: for a 2 lb. cake, \$3.80; the 3 lb. cake, \$5.25; the 5 lb. cake, \$8.40. Special prices may be had on the Texas cake if the purchaser desires 25 or more cakes.

Both types of cakes may be shipped prepaid anywhere in the United States. They will make

excellent Christmas gifts.

It has been customary for the Grossmont band to make several trips each year to affairs outside of San Diego County. This year their plans include University of Southern California and the All-Western Band Review at Long Beach, where they have been five times winner. They are in hopes of being in the Rose Parade next New Year's Day.

Arthur Schwiechow, former bandmaster of Aberdeen, South Dakota, has been the Grossmont bandmaster for the past two years.

### U. S. Representative Utt and Assembly Candidate Shearer To Speak in La Mesa

Congressman James Utt and Assembly Candidate William Shearer will share the speaker's table Friday night at the La Mesa Republican Club's dinner.

Man is the only animal that eats when he is not hungry, drinks when he is not thirsty and makes love at all seasons—Unknown.

## WRITER SUGGESTS MONUMENT TO THE PIG

Robert West Howard, a writer in "American Meat Institute," suggests a monument to the pig.

"People will drive 2,000 miles to see the Pilgrims' Rock at Plymouth, Mass., where the Pilgrims landed. But just try and ask someone in Boca Grande, Florida about the landing-of-the-pigs in Charlotte Harbor. They won't know about it.

"Here was the birthplace of the pig, insofar as America is concerned—but there is no monument to the pig in Boca Grande. In fact, there aren't any pigs in Charlotte County.

When Hernando DeSoto landed at Charlotte Harbor in 1539 he had 13 sows and two boars. When he began the march north in the spring of 1540 there were 300 pigs in line. Those pigs paced the foot soldiers through a 3200 mile march through Florida up to Arkansas.

Hernando DeSoto died in Arkansas in 1542—famed as the discoverer of the Mississippi River. But his real contribution to this nation was the introduction of the pig.

Why don't we build a shrine on Charlotte Harbor to the landing place of the American pig? We've got the Pilgrims' Rock at Plymouth—Wright Brothers monument at Kitty Hawk—the Pioneer Woman statue in Denver—a big Hereford steer on a pylon in Kansas City.

We could do a lot worse with some of our federal-state funds than to invest in a shrine and museum at the landing place of the pig. We could open a really good restaurant that could specialize in the very best pork products and leather goods that America can produce.

This porkatorium could distribute literature that would tell the truth about pigs, about their contributions to American history and American agriculture.

This would give the Florida tourists something to talk about and something to send home, besides grapefruit, sharks' teeth and bathing postcards.

The pig has been a citizen of what is now the United States for 417 years. He landed first in Florida on May 25, 1539—almost a century before the Pilgrims.

The American pig is a pioneer. He has helped us to win wars. He has helped us pull through periods of starvation. He has helped us lift the mortgage. He is the second largest agricultural industry from the standpoint of producer's income.

And yet, without a word of praise, he marches placidly off to the stockyards to become 20 varieties of meat, 50 medicines and a couple of hundred industrial products. Everything about the pig is used except his squeal—and they use that in the movies.

There are two kinds of pigs in America. There is the fat, dirty hog who lives up to the folklore sayings only because lazy human beings made him that way.

Then there is the clean, meat-type pig, who, according to tests at Cornell University, is the most

intelligent domestic animal in America—brighter than the dog, the horse, the cow or even the tabby cat."

Lemon Grove 4-H'ers don't go for pigs as projects, but members of the clan in other sections do very well with 'em. One lady, whose son's steer entry last year won a purple ribbon, threatened me with bodily harm if her son "projected" a pig this year. Pigs make wonderful pets, are smart, learn readily. I had one once up on Boulder Creek. He followed me around like a dog, even swam the creek after me when I went down the road. About all the pig I get nowadays is a couple of slices of lean bacon or a slice of ham occasionally. My first financial venture with pigs was once when I bought a sow and six pigs for \$3, my savings, and we raised the six and another and larger crop and butchered the bunch. I never got my \$3 back, either.—D. H.

## County Leases Former Dance Hall For 'Probation'

The probation department, located at southeast corner of Front and B Streets for years past, will move to new quarters in about three months.

A three-year lease on the building at 402 West C Street, at \$19,800 yearly, has been signed. Owners of the property are Berntha M. Jamison, Margaret J. Harpst, Nicholas J. Martin and Helen M. Martin.

Terpsichorean entertainment for thousands of sailors and their sweeties in recent years has been provided by Sherman's Dine and Dance Hall, former tenants of the property. Two dance bands kept the happy couples in a continuous whirl. Two bars provided refreshments for the thirsty, and joy reigned supreme.

Cost of remodeling the structure for use as offices of the probation department is estimated

## First Meeting on Adolescents to Be Held Tonight

"Age of Turmoil," a film, will be shown at the meeting tonight (Thursday) at 7:30 in the Lemon Grove Junior High School cafeteria.

Rev. Bruno Pieschel, PTA parent education and family life chairman, announced that the theme for the evening will be "What Can You Expect of Your Eagerly Adolescent?"

This meeting is the first in a series.

Refreshments will be served by mothers of the 8-1 and 8-2 classes.

## Executive Board Meets

Executive board members of the Lemon Grove Junior PTA met recently in the home economics room of the school.

Mrs. Chas. Taylor, president, heard chairman reports.

Mrs. Taylor, Mrs. Philip Rosemary, legislation chairman and Hal Brogan, represented the school at a legislative dinner earlier this month.

At this affair Mrs. J. Frank Snowden and Mrs. Chas. Burks, first vice president and legislation chairman of C.C.P.T., explained PTA legislative policies and demonstrated how they work.

Hostesses at the board meeting were Mmes. E. W. Middleton and Bert Cosby.

## Poster Contest

A poster contest is being sponsored in connection with the membership drive.

Students entered from art classes of Mrs. Virginia Cornelius.

Several posters were displayed in local business concerns.

Judges for the contest were Mrs. R. E. Davy, Mrs. Loy Holmquist, Mrs. Chas. Taylor and Robert Sutton.

Winners were Bill Swanson, Dale Dumas, Iris Williamson, Kathleen Johnson. Honorable mentions were awarded to James Whitmoyer, Carolyn Denlinger, Rollie Whisbrock, Manueto Sotello, Alden Butcher, Phil Couture, Patty McCoy, Claudia Connet, Doris Trexler and Dottie McCabe.

## Fire Safety Program Successful, Says Chief Hensley

"Selling Fire Safety is never an easy job, but it is mighty rewarding and heart warming work when it comes to getting the idea across to children," says Lemon Grove Fire Chief H. L. Hensley.

The chief praised the youngsters and teachers of Lemon Grove as being the "best customers."

Their interest and willingness to learn all about fire and how to stop it before it starts means an ever-improving fire record for Lemon Grove, he said.

Chief Hensley reported that the children were especially helpful during Fire Prevention Week and that the following events took place during the safety drive:

Fire drills were conducted in all schools and fire prevention assembly talks were made by members of the fire department at all schools.

There were four fire prevention displays in windows throughout Lemon Grove.

The department furnished speakers for several clubs during fire prevention week. A total of 190 volunteers and 50 adults visited the station.

Deputy State Fire Marshal Ullman attended the school drills and commended Chief Hensley and the school board on the fire program that has been worked out for fire prevention throughout the school year.

Everyone is invited to visit their fire department any time throughout the year, the chief said.

### ARCTIC MISSION

#### TO BE TOLD BY CHAPLAIN

Mr. George Whyte and Chaplain Le Grant E. Williams will tell of their recent trip to the Arctic and the delivery of a piano to the Presbyterian Mission Station at Point Barrow, Alaska Sunday at Trinity Presbyterian Church.

Chaplain Williams has chosen as his sermon topic, "Dogs Leading to Life." This service is planned in observance of National Laymen's Sunday.

Other men leading in the worship services are James Colquhoun, Chester Fulton, Richard Spry and Joseph Eaton.

On Monday evening a dinner will be served to men of Trinity Church and their guests at 6:45. This dinner meeting is the Annual Fall Roundup of Presbyterian men. Mr. Floyd Breedlove will serve as master of ceremonies. Dr. Elmer Jones is pastor.

## Junior High PTA To Show Film

"How Well Do You Know Your Junior High School?" is presentation planned for Thursday evening, October 25 at 7:30 p.m. for the Spring Valley Junior High Parent Teacher Association's regular meeting in the school cafeteria.

Don McClard, vice principal, will head an open forum discussion following the film, "Junior High School Story," presented by Mrs. Hollis Constance, program chairman. Groups of parents will form to plan questions to be answered by a panel of faculty members.

Kathy Volkman, president of the school's Service Club, will lead the pledge to the flag, to be followed by songs by the audience, planned by Mrs. Max Yale, music chairman. A short business meeting will include bylaws review and safety committee report from Fred Griffith and his committee of fathers, according to Mrs. John L. Thompson, president.

Legislation discussion will be held after reading of endorsements of Nov. 2 Grossmont Union High School District maximum tax election; of Nov. 6 La Mesa-Spring Valley School District maximum tax election; and of Nov. 6 Prop. 2 and 3 on general election ballot; by PTA executive board which plans active campaign in these child education measures.

Membership enrollment chairman Mrs. Curtis Haupt and James Bray report that the goal is half met, and urges parents to join the 50c per person organization with the slogan, "Join the 400."

A social hour will follow the program, with Mmes. Herbert Preston and George Cobb in charge, assisted by Mmes. Robert Honn, Paul Phillips, H. W. Scherer and other section 7-6 and 8-4 parents using the Halloween theme.

## LETTERS TO THE EDITOR

Dear Editor:

Two little girls called to me in my garage, asked to play with "Rags," my little Chinese dog. I told them to bring their dog over to play with Rags. They said he was not their dog, he had just walked to the garage so I went over to see the dog and saw that she was blind. I inquired of different people, asked if they knew who she belonged to, and no one knew, so I brought her to my home and fixed her a good place in half of my dog yard. I asked Dr. Burns, the veterinary, to examine her.

She was old and could hardly drag herself along. I was advised by different people to send her to the dog pound, but I refused to listen to anyone. I put an ad in the home paper about her, but received no answer. After three days of good treatment and good feeding she pepped up and seemed to be happy and would come to me to be petted. I took her for little walks and she seemed to enjoy them. I became

more attached to her every day, and had her about three weeks.

Last Friday I took her and Rags to Dr. Burns' kennels on North Avenue to board until Monday, as I went out of town. I asked Burns to trim her toe nails and clip burrs out of her long ear flaps and to bathe her good. I had bought a nice cedar mattress and fixed up the dog house especially for her.

Monday morning I called Dr. Burns, saying I would be over soon to get Rags and the blind cocker spaniel. The doctor said "Well, Mike, you can get Rags, but the blind dog is no more." He said he had trimmed her toe nails and gotten rid of the burrs on her ears Saturday, and Sunday p.m., when he got ready for her bath she just lay down and died.

It was a shock to me, and I can still see the poor thing come to me as I would go into her yard. It was pitiful to see her groping her way around. One could tell she had been a smart dog, the way she could find her food and water and her bed.

Where "Jeannie," as I called her, came from, no one seems to know. She no doubt afforded

## Shrine Charity Football Game To be Played Saturday

The 19th annual Al Bahr Temple Shrine football game will be played Saturday between San Diego State College Aztecs and San Jose State at Balboa Stadium at 8:30.

If she was dumped out here in Lemon Grove by someone and left to shift for herself, or be killed or run over by an auto, I hope the guilty person reads this, and while I don't wish any bad luck to that someone, I'll predict that they will be paid in more ways than one for treating this poor dumb animal as they did. ## Grove at 43% Of Success Drive Quota

An enthusiastic report meeting at El Naderio Club spurred Heartland's campaign for the United Success Drive to new heights. The drive has now reached \$18,944 for 41 per cent of the \$47,000 quota, Tom Wigton Jr., announced yesterday.

Ben Scheel, Lemon Grove geographic chairman, reported the house-to-house effort has brought in \$1,424 or 43.8 per cent of the goal.

Wigton reminded his Heartland campaigners at the county-wide report meeting Friday that Red Feather services serve the whole community and that their continuance depends upon the community's support of the United Success Drive. He said, "We should make sure that everyone hears the story of the miracles we make happen through Red Feather services when we all give our fair share."

Wigton reported these standings for Heartland campaign groups: Commerce and industry \$6,368 and 28 per cent; public employees, \$820.00 and 48 per cent, and geographic \$11,901 and 42 per cent.

### CUBMASTER KEEBLER IN FAREWELL MEETING

Adventures with Puppets is the theme for the regular meeting of Cub Pack 315 at La Mesa Presbyterian Church at Harbison and Stanford Sts. at 7:30 o'clock on October 19, 1956. The Cubs will display the gayly dressed puppets they have been making this month for their Den Projects. A cake walk will be held for entertainment.

This will be the farewell meeting for Al Keebler who has been Cubmaster of Pack 315.

## THANK YOU LOVERS of FUN & GOOD FOOD

We sincerely appreciate your visit with us Wednesday when we had our fourth Birthday Anniversary.

Thank you for the compliments you paid the chef, the bartenders and the service personnel.

Even the entertainers enjoyed the party... so that proves we all had fun.

More good things are in store for Michael's guests. Come often. Enjoying yourself becomes a habit at Michael's.
